Fast-Track To A Luxury Home

Comdain Homes has launched a new range of architecturally-designed homes, created to fast-track the journey to a luxury home and save the buyer's time and money. Managing director, John Coen, says the team at Comdain Homes developed the BluePrint range for the significant percentage of prospective clients who don't have the time or energy to design a luxury home from scratch.

"It suits a lot of people who don't have the time to dedicate to the design of a new home, but they still want all the trademarks of a Comdain Homes custom-built home – distinctive design, an intelligent floor plan, and quality finishes, fixtures and fittings," Coen says.

The BluePrint range showcases four unique designs, from ultra-modern to classic provincial, which are all scaled to suit inner Melbourne's standard 15.25m-wide blocks, with prices starting at \$567,000.

For more information on the BluePrint range, contact Rodney Ord on (03) 9403 0000 or visit Comdain Homes' website.
